

## HOW TO FIND US: CUCKFIELD

Beacon House Therapeutic Services, Ground Floor, The Old Hospital,  
Chapelfields, Ardingly Road, Cuckfield, West Sussex, RH17 5JR

### Car parking

There is plenty of visitor's parking on site. Please follow the road marked Chapelfields around to the back of the building. You will follow the curve of the road and a hedge on your left. Turn left at the road which is again marked Chapelfields and immediately turn left again to access the large circular car park. Do not follow straight on; as the car parking spaces ahead belong to the residents in the Old Hospital building, as do the spaces at the front of the building. We politely ask you to respect local residents and not to park in their allocated bays

Within the car park – you can park in any space marked Beacon House or any of the spaces in the centre of the circle – these unmarked spaces are for visitors. If the car park is full on your arrival, street parking can be found on Ardingly Road and the surrounding residential streets.

### Taking the train

The nearest train station is Haywards Heath, which is a 5-minute drive from us.

### On arrival

When you arrive, please press the Beacon House doorbell and someone will come and greet you.
