

HOW TO PROMOTE YOUR CHILD'S SELF-ESTEEM NEW: ONLINE PARENT/CARER SEMINAR

£50 | AVAILABLE ONLINE NOW

Parenting a troubled child can be a very stressful experience. There is an overwhelming need to understand what is going on for your child, and most importantly, how to support them in the best ways possible. Whilst there are no 'magic answers', often knowing a little more about the difficulty your child is facing, and exploring different strategies to support them can be incredibly helpful.

This seminar explores parenting approaches which particularly support the development of your child's self-esteem. We look at the importance of having a close and open relationship with your child, and we discuss communication strategies that build confidence. These are very much 'how to' seminars leaving you with some practical strategies that you can try at home!

Who is this training for?

Anyone who is interested in how to support children (18+)

Please note: We work very hard to keep our parent/carer training and resources free or as low cost as possible and this is funded by our in house and online training. We ask that you respect this by keeping this online seminar for your sole use and not sharing it with others. If you wish to use this as team training, we are happy to organise a team license. Please email: media@beaconhouse.org.uk to request a price and invoice.
