ABOUT THE SERVICE

Beacon House is a dynamic and thriving multidisciplinary service specialising in therapeutic services for children, young people, families and adults in West Sussex and surrounding areas. As a team, we combine psychotherapy, psychology and occupational therapy to provide a range of creative, innovative and carefully formulated assessment and intervention packages, with a special focus on repairing the effects of early trauma.

We receive referrals from self-funding adult clients and families who present with difficulties such as anxiety, low mood, school avoidance, OCD, complex PTSD, self-harm and family conflict.

We also receive referrals from local authorities for specialist assessment and therapeutic work with:

- Parents and children who are in the child protection system or where there is a risk of family breakdown;
- Adolescents working with the Youth Justice Service;
- Children who are adopted or cared for by a special guardian (currently 250 across both clinics)

As a service, working with complex trauma across the lifespan is a specialism, and we are passionate about developing effective therapeutic approaches to promote healing the wounds of early trauma.

Beacon House is registered with Ofsted, who regulate and inspect therapeutic services for individuals who are adopted.

OUR THERAPEUTIC FRAMEWORK

Beacon House offers a wide variety of therapeutic approaches, and our team includes a diverse range of professional backgrounds and disciplines. We embrace clinical creativity, in the context of evidence based and effective ways of working. An important principle underpinning our service is that we are formulation-driven, rather than diagnosis-driven. We have an over-arching framework of being trauma and attachment informed and we warmly welcome applicants who embrace formulation-driven, trauma-informed approaches.

THE ROLE

The role will involve:

- Working closely and effectively alongside **our existing leadership team.**
- **Assisting our Clinical Leads** in some of their key roles.
- **Triaging** complex referrals.
- **Providing the work-up to complex and high-risk referrals,** including identifying potential funding streams, liaising with statutory mental health services, providing service information and estimates to commissioning bodies.
- **Communicating with vulnerable clients** before their therapy begins.
- **Liaising with our multi-agency partners** (Social Care, Education, Health, Police)
- Being a member of our **referrals and allocation** team meeting.
- Acting as a **Designated Safeguarding Lead Level 1,** as part of our wider safeguarding infrastructure, and **being the DSL on duty across the week** as first port of call for therapists regarding safeguarding concerns and mental health risk.
- **Coordinating the case management for complex, high risk families** alongside our associate therapists.
- Being up to date, and ensuring compliance, with our **Ofsted responsibilities.**

THE SUCCESSFUL APPLICANT WILL:

- Have a **core qualification** in social work, nursing or another therapeutic modality.
- Be **registered with their relevant professional body**.
- Have a minimum of **3 years post-qualification experience**.
- Have a minimum of **3 years' experience of working with child and family mental health**.
- Have an excellent awareness of **safeguarding and risk systems around children and families**, including child protection processes.
- Have a **passion and commitment to working in a formulation-driven** (non-diagnostic) way.
- Have **experience** working with children and families who have **complex trauma as part of their experience**.
- Have **experience** working with children and adolescents whose **presentation is considered high risk and complex**.
- Have **experience** in (or an interest to develop skills in) **working with vulnerable/at risk adults**.
- Have **excellent written and verbal communication skills**, particularly in making complex information **truly accessible to clients of all ages and abilities**.

THE SUCCESSFUL APPLICANT WILL NEED THE FOLLOWING VALUES AND QUALITIES:

- A **commitment and passion** for working as part of a **multi-disciplinary team where all disciplines are valued and respected**.
- **Courage, spirit, tenacity, flexibility and energy**.
- An aspiration and drive to always offer a **high quality and respectful service** to our clients.
- The **personal resilience** to work well within a **fast paced, unpredictable and high demand role** outside the public sector
- A commitment to **safeguarding individuals of all ages**.
- A commitment to **inclusion, equality and the embracing of diversity**.
