

**“A PERSON WHO ENCOUNTERS  
DANGER AND IS ABLE TO  
FULLY EXPRESS APPROPRIATE  
DEFENCE RESPONSES MAY  
HAVE NO LONG-TERM  
CLINICAL EFFECTS.  
HOWEVER, A PERSON WHO  
HAS HAD HIS RESPONSES  
OBSTRUCTED WILL FIND THAT  
THE ENERGETIC RESIDUES OF  
THESE LATER  
BECOME UNWELCOME  
INTRUDERS ON HIS  
AWARENESS.”  
(CARRIGAN, 2014)**
