

ONLINE PORNOGRAPHY

Safeguarding Young Hearts and Minds from the Impact of Online Pornography

3RD DECEMBER 2024 | £30 | 1PM - 2.30PM

Any child who has access to a screen is at risk of being exposed to online pornography. The content of this is often violent, abusive and degrading. Research shows that this is impacting significantly on children and young people in a multitude of negative ways.

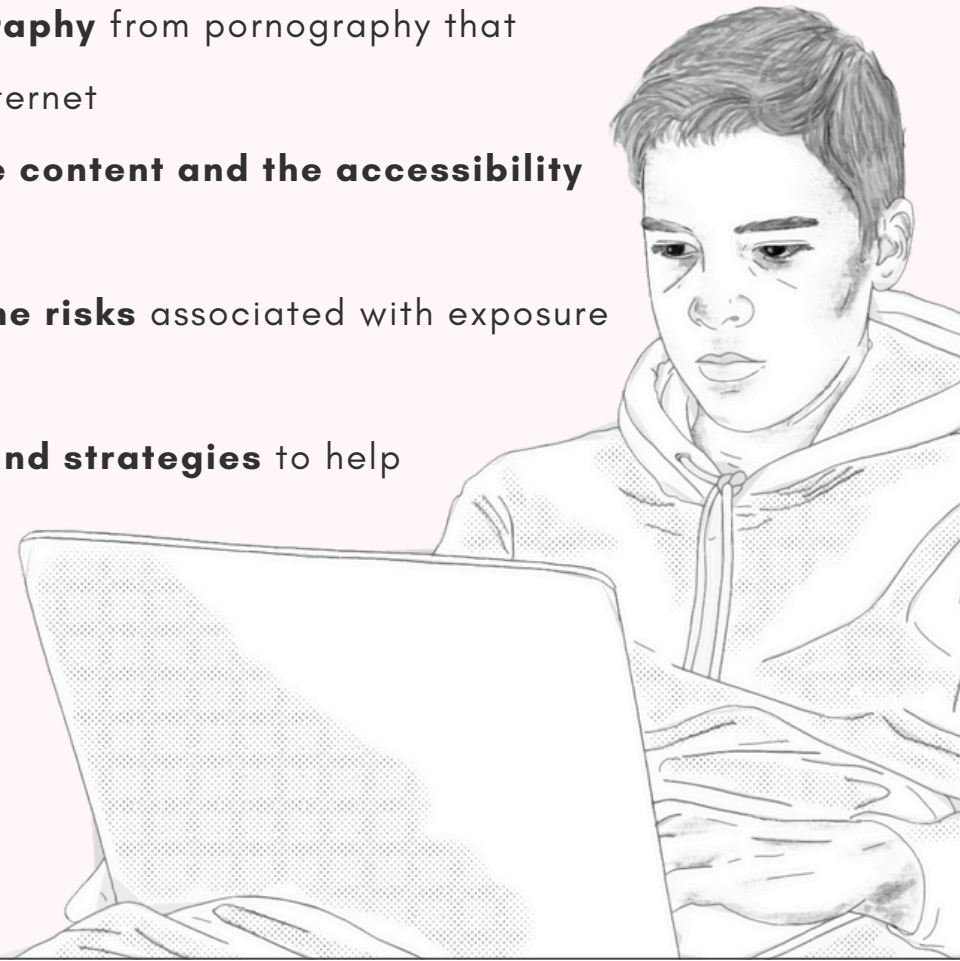

This training aims to raise awareness of this hugely important, but often avoided, topic. Ways of facilitating blame-free and shame-free conversations will be explored, as well as offering practical strategies to provide a safer online environment for young people.

ABOUT THE TRAINERS

Dr E. Felicity Williams is a Clinical Psychologist with 18 years' experience of working in child and adolescent mental health. Felicity has a particular interest in the impact of young people's online lives on their mental health and provides a variety of training on this for families, schools and wider services.

Helen Townsend is the artist and Specialist Creative Designer here at Beacon House. She collaborates closely with the team to develop their specialist content into a creative, beautiful, resourceful online training experience. As an adoptive parent herself, Helen is inspired by her experience living with trauma and loss in how she portrays the learning through her artwork.
